

First Semester Course Selection Preferences Worksheet

Name: _____

Lafayette NetID: _____

Getting Started:

The First Semester Course Selection Preferences Worksheet will be your best friend as you craft your Fall semester schedule. This sheet in conjunction with the FYREG website will provide you step-by-step guidance as you build your schedule.

1. Course Placement:

Before reviewing the course offerings at Lafayette it is important to take the appropriate placement exams. Placement exams include Math, Chemistry, & Foreign Languages. Make sure to read all information presented to you to gain a better understanding of your particular situation.

2. Explore Lafayette's Majors & Programs:

As a student you will not officially declare your major until your second semester of sophomore year, however thinking about your intended area of study is very important. In the space provided below list your intended area(s) of study.

(1) _____ (2) _____

3. First Year Seminar

All first year students must enroll in an FYS course. Take time to review the First-Year Seminar course listing. Although we try our best to honor your top choices, FYS placement depends largely on scheduling and availability.

Please list your top five First Year Seminar (FYS) choices (from #1/top choice to #5):

- 1) FYS # _____ Course Title: _____
- 2) FYS # _____ Course Title: _____
- 3) FYS # _____ Course Title: _____
- 4) FYS # _____ Course Title: _____
- 5) FYS # _____ Course Title: _____

4. Make your Course Selections

Course 2: Dept. _____ # _____ Course Title: _____

Course 3: Dept. _____ # _____ Course Title: _____
